The Lee County School District is committed to providing accurate information/communication to our parents, students, and staff. To better communicate and keep each of you informed of important notices and upcoming events, the district will be utilizing School Messenger during the 2010-2011 school year. This service will provide a direct line of communication from educators to families, students, and staff.

Through School Messenger the district and individual schools will be able to contact parents/households and staff by means of voicemail, email, and text messaging. District staff will primarily utilize the service for emergency notifications so that accurate information may be delivered quickly. School staff may utilize the service to notify parents/households and staff of upcoming events.
