

**PUBLIC MEETINGS SCHEDULED AT AREA FIRE DEPARTMENTS
TO DISCUSS PROPOSED NICKEL TAX**

The Lee County School District held their initial public meeting regarding the Nickel Tax at the Beattyville Happy Top Community Center in September. In a continuing effort to provide accurate information to, and answer questions for, Lee County citizens regarding the Nickel Tax, additional public meetings have been scheduled in fire stations throughout the county. District personnel will be on hand at each meeting to hear public comment and answer questions regarding the Nickel Tax. We encourage all Lee County citizens to attend. Please come out and hear the facts so that you may make your own informed decision in the November 2014 Election. Meeting dates and times are listed below:
